PaintManager[®]

Internet Updates: The simple
and easy process to automatic colour delivery.

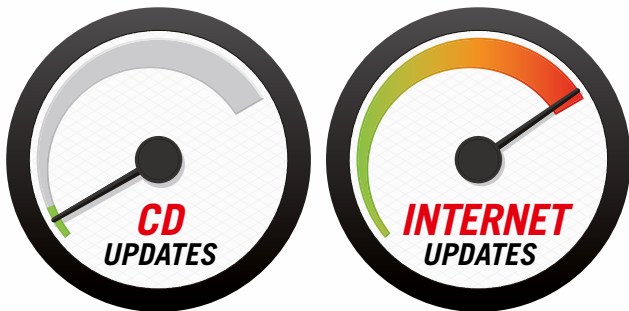

With monthly updates downloaded to the mixing room via the Internet, this PAINTMANAGER[®] software feature makes it easier than ever to keep up with the latest colour formulas, reflectance data and new program features. MAXMEYER[®] brand customers simply need to register online and within minutes, colour updates are automatically scheduled – you select the best day and time. You can relax and be assured that your color information is always up to date.

Automatic Internet Updates offers convenient, timely downloads of the latest MAXMEYER® brand colour information. Registration is fast, simple and easy to do. Users can select the best day and time to receive updated colour formulations and program improvements. This safe, secure, two way communication is the quick reliable solution to formula retrieval.

Join more than 10,000 PAINTMANAGER® software users who have selected Internet Update as their formula delivery tool.

Easy and fast

- Colour information delivered 12 times per year.
- Secure, fast and reliable connection.
- Automatic – downloads can be scheduled during off hours.
- Updates include latest *PaintManager* program enhancements.
- Simple and easy registration process
- Internet connectivity offers real-time customer support.
- More colour formulas adds reflectance data to improve the RAPIDMATCH™ program software.
